

Levogress

## Changing The Way Of Packaging

We provide best solution for your  
all kinds of packaging needs.

## Company Profile

**LEVOGRESS** FIBC PACKAGING is one of the leading manufacturer and supplier of a wide range of FIBC (Flexible Intermediate Bulk Containers) bags like Food Grade, Pharma Grade, Baffle, UN Certified, U Panel, 4 Panel etc. with international standard clean room facility, highly advanced machinery, and an advance equipped quality control laboratory managed by highly experienced and expertise staff.

## Vision

Our vision is to be the best company in the manufacturing of industrial packaging products.

## Mission

Our mission is to give best packaging solutions to customer's satisfaction with finest quality, on time delivery and service satisfaction to all global client.

## Quality

Our Quality commitment to hygiene and cleanliness ensures industrial clean bags and food grade FIBCs that are sanitized and free from contamination, germs, dust and pollutants. We deliver product with consistent quality and strength as per the customer requirement.

## Our Values

We grow with customer's growth. We value truthfulness, trust, transparency, accountability and positive business attitude.

# INDEX

## Market Served

Agriculture & Food

Petro Chemicals

Construction & Cement

Mining & Mineral

## ● Advantages of FIBC Bag :

- Eliminate wastage during filling, transportation, and discharging material. Saves your valuable material from environmental effects.
- Can carry weight up to 2 tons.
- Reduces labor cost.
- Can be customized to your manufacturing needs and those of your clients.
- Color printing turns FIBC into a mobile advertising board promoting your brand or displaying vital product and handling information.
- Makes secondary packaging unnecessary.
- No pallets needed as each FIBC has integrated lifting loops, as well as a stable form factor for storage.
- Lowest packaging weight per ton shipped.
- Lower transportation and storage cost.
- Designed for easy recycling once working life is over thereby reducing your ecological footprint.
- Can be used for hazardous chemicals while protecting your labor from being exposed.

## ● Description of FIBC Bag :

### Type description

### Loop options

### Closures

### Single-point FIBC

### Filling options

### Emptying options

### Liners

## ● Our Product

### 1. Circular Cross Corner

#### SPECIFICATIONS

Width	80-105 cm
Length	80-105 cm
Height	As per Requirement
Safety Working Load	1 MT to 1.5 Ton
Safety Factor	5:1 Single Trip (1 & 1.5 Ton) 6:1 Multi Trip (1 Ton)
UV Stabilized	Yes
Type	A
Lifting Loops	4 Cross Corner Loops / Additional Secondary Loops maybe added if required
Color	As per Requirement
Fabric	180 - 240 GSM (Uncoated)
Style	Circular
Top	Normal Filling Spout / C Type Filling Spout / Open / Flap / Skirt
Bottom	Normal Discharge Spout / C Type Discharge Spout / Flat/ Skirt
Liner	30 - 150 Microns
Liner Insertion	Tagged or Loose
Printing	Upto 5-Colors

## ● Industrial Campus

**LEVOGRESS POLYPACK LLP** is one of the leading manufacturer and supplier of a wide range of FIBC (Flexible intermediate Bulk Containers) bags like Food Grade, Pharma Grade, Baffel, UN Certified, U Panel, 4 Panel etc. with international standard clean room facility, highly advanced machinery, and an advance equipped quality control laboratory managed by highly experienced and expertise staff.
